TEAM USA ARRIVES TO MONTERREY

Team USA arrived this Tuesday May 31st to Monterrey and they were very good received in the residences on Monterrey Tech.

We had a small interview with coach Kirk Talley from the University of Northwestern and he told us his impressions about their participation on the WUC in Monterrey.

I think for these man and coaches, friends and families to represent their country is a great honor and privilege and though all these man come all over the USA, they have worked to be here.

The event is a challenge in all aspects, finding the right player personnel, players and getting the right coaches together, putting the offense and defense in a short period time.

The toughest rivals will be Japan and Mexico, they've shown are very good opponents and in the international events, they've obtained good results.

We hope the weather doesn't affect, we've practiced in Ohio in the turf, and we think that will help us, but it definitely could be an issue.

WILSON OFFICIAL BALL

Wilson once again present on the best football events, will be the official ball for the practices and football games of the 2nd World University Championship Monterrey 2006.

The athletes will be using Wilson's 1001 and 1005 footballs on their practices and games.

The Wilson logo, featuring the word "Wilson" in a bold, red, cursive font with a registered trademark symbol.
